HYT

FW-S

New concept crossover
high-performance sports electric motorcycle

*first hatch/ in electric motorcycle field

Original crossover pedal design | 100% central hypo on the road | RELD ultimate riding experience

Max Speed
110KM/H

Max endurance
140KM*

Peak Power
10KW

Peak Torque
58N.M

FELO SIXTH GENERATION ATS TECHNOLOGY

On-going "S" acceleration mode
Powerful and smooth linear output
No vibration, no noise
Vehicle efficiency increased by 7%-9%
Peak torque 58N.m,Wheel torque 330.4N.m

integrated GTC design

High-quality carbon steel casted frame, 1.8 million vibration tests passed
Integrated battery pack Achieving perfect integration of gasoline and battery
eMesh high-power screen requirements
Improve overall strength and safety

Highly integrated VCU intelligent control

Achieving seamless interaction among riders, accessories and device
• Isolated CANBUS communication
• Equipped with 4G and Bluetooth communication
• OBD entries
• FOC vector control
• OTA upgrade

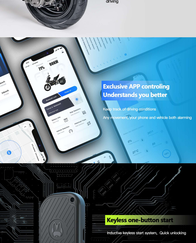
Lightweight design

Light and flexible, shuttle freely
Total weight only ~125kg
Surpass the same class of gasoline models

Equipped with 96V 58Ah fully sealed lithium battery

Intelligent battery management opt ons, continuous safety protection. Superior performance, low heat and longer life.
More power output and higher speed support, 12ah charger

**3 years or 30,000 km battery warranty
(whichever comes first)



Motor peak power is 10KW High performance central motor

Sporting Have fun when driving

ABS(brake:Fronts& Rear) ASC Slope sliping avoid

Can be used as extreme road conditions

Racing appearance

"A"type single rocker arm

Bringing strong shocking sensation of road surface

LED light for the whole e-motorcycle

Driving at night looks more cool
Continuous integrated headlight design
Large illumination range & high illumination brightness & high recognition

- lighting distance: 25m
- Low beam intensity: 2500cd
- High beam intensity: 3500cd
- Waterproof grade IP65

14-inch large wheels CTS CM-TR semi-hot tire

Cushioning, high gripping, low rolling
Unique technology research & Comfortable driving

Exclusive APP controling Understands you better

Vehicle anti-theft positioning
Voice reminders, your phone and vehicle both alarming

Keyless one-button start

Intuitive keyless start system, Quick unlocking

Smart dashboard

LCD instrument give you a clear display of vehicle information
under any circumstances, with intelligent comfortable residual mileage, riding at ease.

STOP AND GO DROP AND PARK

More sensitive side brake sense
Higher accuracy of intelligent judgment
Safer on slope

RACING

DNA inherited from international racing >30% race vehicle sharing technology

● Dazzling obsidian black Tech Green ●

PARAMETER

L*W*H	1830*755*1095mm	Seat Height	800mm
Wheelbase	1240mm	Ground Clearance	163mm
Tire Size	110/80-14;140/70-14	Weight	125kg
Range	140km*	Battery Capacity	96V 58Ah
Max. Speed	110km/h	Battery Warranty	3Y, 3000KM/ 3Years
Rated Power	5kw	Charge Time	7~8H
Peak Power	10kw	Display Type	LCD
Rated Torque	8.2n.m	Light	LED
Peak Torque	58n.m	Brake System	DISC with ABS

*The range of 125KM is the test data of EEC/ECE in the R101 electric motorcycle continuous section of ATS-S2 Technology Laboratory. The actual value is affected by various factors such as wind speed, road surfaces, load, operating habits, and the age of the battery.

**The warranty of the battery is limited to the capacity and performance of the product, and is not the warranty for the maintenance of the battery, safety wear and other parameters of the product.

*Due to the characteristics of lithium battery, the maximum capacity of the battery will decrease after a period of use.

*The color of the product is subject to the physical object.

*The content of this page is for reference only. For interpretation of related specifications and standard configuration, please refer to the product manual or consult the relevant sales personnel.

*Please Dress & detail whether there are local restrictions on motorcycles before purchasing, so as not to affect your normal use. Thank you for your cooperation and understanding of our company's work.

*The product color is subject to change due to batch or environmental conditions. The final decision on the product color is subject to the physical object. Please understand the color difference.
